The End of the Beginning

Wanamaker Advertising and the "Evening Post."

[ASTER marks the formal opening of the season. There is no more of the season has begun. We turn from early preparately preparately the season has begun. Many communications from personal and rations and advance announcements and openings to the serious and important business friends are coming to us with the portant business of supplying present and very pressing demands.

If we may judge the immediate future from the immediate past,advertising department, boycotting the "Evening Post" because of its attitude towards the
baggage abuse at the Custom House.

If we may judge the immediate future from the immediate past,—
the whole season by its beginning,—the measure of your favor to us will
be greater than has ever been recorded in any New York satellands here. The statement is untrue from every point of be greater than has ever been recorded in any New York retail establishment. So far as we can secure this end by striving to deserve it, it will

First. We have never, as a firm or as individuals, belonged to the Merchants' and Manufacturers' League; we have never contributed to its treasury, and our only relation to it has been to decline, consistently and continuously. even that of last Fall. A stronger statement concerning it could not be

We talk often of "good selection" for Babies when we are talkwhen we are talk-

not absolutely prohibit the baggage topic, they would have preferred that we should let it alone. But they especially object to the appart in the choosing this year than walking by correspondents, of the fact that some goods are cheaper in Europe than in America. Our difficulty about complying with their desire is that we have always presented our independance, both in the choice of our tones and in ence, both in the choice of our topics and in our manner of treating them, as our chief title to public confidence. Any departure from this not satisfy one who is looking for policy under pecuniary inducements from the outside would constitute a fraud of a very gross kind on our readers, so that, however shade that the season has marked

reasonable the demand may be, we cannot comply with it."

The allusion to Philadelphia directs the animus of the editorial from which the quotation is made especially against our firm. Its allegations by implication are, every one of them, in general and in particular without foundation in fact so far as our firm is concerned.

We were not displeased with the "Post's" large assertments to show but as We were not displeased with the "Post's" large assortments to show, but astreatment of the baggage matter.

We did not claim the right to direct the sortments of the styles you want.
